

Bibliography

Notes

Since I began writing this study in October 2003, many organisations have changed their names; some have been merged or are defunct. Unfortunately, many of the websites I have consulted are no longer active.

All individual references to the various collections of papers relating to the Stapleton plantations in St Kitts and Nevis are from the late Brian Littlewood's research notes and are not listed in this bibliography. In the footnotes they appear as 'Stapleton Cotton MSS' and 'Bangor Bodrhyddan MSS' (both collections are held in the University of Wales at Bangor), as 'Aberystwyth Bodrhyddan MSS' (held in the National Library of Wales, Aberystwyth), as 'Ryland Stapleton MSS' (held in the John Ryland Library, University of Manchester) and as 'Harvard Stapleton MSS' (held in the Houghton Library at Harvard University).

George Tyson of St Croix transcribed the references from the Rigsarkivet København.

Biographical information, such as dates of birth and family relationships, were extracted from the slave inventories in the Pinney Papers and are not referenced in the text.
