2000

(with Derek Gregory, Geraldine Pratt and Michael Watts)

(with C J Pattie, D F L Dorling, I MacAllister, H Tunstall, and D J Rossiter)

(with C J Pattie)

(with J Forrest)

(with H Tunstall, D J Rossiter, C J Pattie, I MacAllister and D F L Dorling)

Geographical scale, the ‘feel-good factor’ and voting in the 1997 general election in England and Wales. Transactions, Institute of British Geographers (ISSN 0020-2754) NS25, 2000, 51-64.

(with C J Pattie)

(with C J Pattie)

Inconsistent individual attitudes within consistent attitudinal structures: comments on an important issue raised by John Bartle’s paper on causal modelling of voting in Britain. British Journal of Political Science (ISSN 0007-1234), 30, 2000, 361-374.

(with M F Poulsen)

The ghetto model and ethnic concentration in Australian cities. Urban Geography (ISSN 0272-3638), 21, 2000, 26-44.

(with D Dorling, H Tunstall, D Rossiter, I MacAllister, C Pattie)

(with J Forrest)
The occupational attainment of immigrant groups in Australia. *International Migration* (ISSN 0020-7985), 38, 2000, 269-296.

Authors, editors and authority in the postmodern academy. *Antipode* (ISSN 0066-4812), 32, 2000, 271-291.

On disciplinary history and textbooks: or where has spatial analysis gone. *Australian Geographical Studies* (ISSN 0004-9190), 38, 2000, 125-137.

**2001**

(with C J Pattie)

(with C J Pattie) 

(with C J Pattie, D F L Dorling, I MacAllister, H Tunstall and D J Rossiter) 

(with C J Pattie and D J Rossiter) 

Losing the voter’s trust: evaluations of the political system and voting at the 1997 British general election. *British Journal of Politics and International Relations*, 3, 2001 (ISSN 1369-1481), 191-222.

Sydney’s ethnic geography: new approaches to analysing patterns of residential concentration. *Australian Geographer* (ISSN 0004-9182), 32, 2001, 149-162.

Out of the ‘moribund backwater’: territory and territoriality in political geography. Political Geography (ISSN 0962-6298), 20, 2001, 677-694.

(with J Forrest and M F Poulsen)

(with C J Pattie and D J Rossiter)

(with M F Poulsen and J Forrest)

2002

(with P J Taylor and M J Watts)

(with P J Taylor and M J Watts)

(with P J Taylor and M J Watts)

(with P J Taylor and M J Watts)

(with P J Taylor and M J Watts)
(with P J Taylor and M J Watts)

(with P J Taylor and M J Watts)

(with P J Taylor and M J Watts)

(with D J Rossiter, C J Pattie and D F L Dorling)

If it isn’t a gerrymander, what is it? *Political Geography* (ISSN 0962-6298), 21, 2002, 55-66.

(with M F Poulsen and J Forrest)

(with C J Pattie and D J Rossiter)

(with C J Pattie)

(with M F Poulsen and J Forrest)

(with C Rallings and M Thrasher)

(with C J Pattie)  
Political talk and voting: does it matter to whom one talks? **Environment and Planning A** (ISSN 0308-518X), 34, 1113-1136.

(with C J Pattie)  
A gerrymandered UK Senate – Duncan-Smith style? **Renewal** (ISSN 0968-525X), 10 (2), 2002, 72-76.

(with J Forrest and M F Poulsen)  

(with M F Poulsen and J Forrest)  

(with C Rallings and M Thrasher)  
Electoral success, electoral bias, and Labour hegemony: electoral system effects in English metropolitan boroughs. **Environment and Planning A** (ISSN 0308-518X), 34, 2002, 1303-1319

(with C J Pattie)  

(with M F Poulsen and J Forrest)  
Rethinking the analysis of ethnic residential patterns: segregation, isolation, or concentration thresholds in Auckland, New Zealand? **Geographical Analysis** (ISSN 0741-1548), 34, 2002, 245-261.

(with C J Pattie)  

(with C J Pattie)  

(with D Dorling, H Eyre and C J Pattie)  

(with D J Rossiter, C J Pattie and D F L Dorling)  

(with P J Cowley, C J Pattie and M Stuart)  
2003
(with Michael Williams)

(with C J Pattie)

(with M. Williams)

(with C J Pattie, D F L Dorling and D J Rossiter)

(with C J Pattie)

(with L Hepple, T Hoare, K Jones and P Plummer)

(with T Gschwend and C J Pattie)
(with C J Pattie)

(with M F Poulsen and J Forrest)

(with D Voas and M F Poulsen)

(with C J Pattie)

(with L Hepple, T Hoare, K Jones and P Plummer)
Contemporary fiddling in human geography while Rome burns: has quantitative analysis been largely abandoned – and should it? *Geoforum* (ISSN 0016-7185), 34, 2003, 157-161.

(with C J Pattie)

(with M F Poulsen and J Forrest)

(with C J Pattie)

(with J Forrest and M F Poulsen)

(with R J Harris)

(with C J Pattie)

(with M F Poulsen and J Forrest)

(with C J Pattie)

**2004**

(with J D Sidaway)

(Edited with D Gregory and D M Smith)

(Edited with P Cloke)

(with C J Pattie)

(with C J Pattie)

(with P Cloke)

(with J D Sidaway)

(with C J Pattie)
On journal publication and professional responsibilities. Area 36 (ISSN 0004 0894), 2004, 84-85.

(with C J Pattie)

(with C J Pattie)

(with Kelvyn Jones, Rebecca Sarker, Carol Propper, Simon Burgess and Anne Bolster)

(with Deborah Wilson and Simon Burgess)

(with Colin Rallings and Michael Thrasher)

(with Michael Thrasher and Colin Rallings)

(with Clive Payne)

(with C J Pattie)

(with K Jones, S Burgess, C Propper, R Sarker and A Bolster)

(with M F Poulsen and J Forrest)

(with M F Poulsen and J Forrest)

(with C Rallings, M Thrasher and J Downe)

(with M F Poulsen and J Forrest)

**2005**

(with C J Pattie)

(with C J Pattie and D J Rossiter)

(with M F Poulsen and J Forrest)

(with D Wilson and S Burgess)
(with K Jones, C Propper, R Sarker, S Burgess and A Bolster)

(with R Sarker, K Jones, A Bolster, C Propper and S Burgess)

(with I McLean)

(with A D Trlin, A M Henderson, N H North and M J Skinner)

(with C Propper, S Burgess, R Sarker, A Bolster and K Jones)

(with M F Poulsen and J Forrest)

(with C J Pattie)

(with C Propper, R Sarker, K Jones, A Bolster and S Burgess)

(with P Plummer)

(with C Propper, K Jones, A Bolster, S Burgess and R Sarker)
Local neighbourhood and mental health: evidence from the UK. *Social Science and Medicine* (ISSN 0277-9536), 61, 2005, 2065-2083.

(with T Gschwend and C J Pattie)

(with D J Rossiter and C J Pattie)

**2006**

(with C J Pattie)

Geography (or geographers) and earth system science. *Geoforum* 37, 2006, 7-11.

(with D J Rossiter and C J Pattie)

Research quality assessment and geography in Australia: can anything be learned from the UK experience? *Geographical Research* (ISSN 1745-5871) 44 (1), 2006, 1-11.

(with M Poulsen and J Forrest)

(with M F Poulsen and J Forrest)
Modern and post-modern cities and ethnic residential segregation: is Los Angeles different? *Geoforum* (ISSN 0016 7185) 37, 2006, 318-330.

(with H Clout and P Hall)

(with R Harris)

(with A Jackson, R Harris, L W Hepple, A G Hoare, K Jones and P Plummer)

(with D J Rossiter and C J Pattie)

(with A Trlin, A Henderson and N North)

(with M F Poulsen and J Forrest) Blacks and Hispanics in urban America: similar patterns of residential segregation? *Population, Space and Place* 12, 2006, 389-406.

What is and isn’t to be defended as British politics: whose past, whose present and whose future? A comment on Kerr and Kettell. *British Politics* 1, 2006, 413-418.

**2007**

Sampling people or people in places? The BES as an election study. Political Studies, 55, 2007, 86-112.

Power to the people through ‘real power and true elections’? The Power Report and revitalising British democracy. Parliamentary Affairs 60, 2007, 253-278.

(with R Harris and S Burgess)

**2008**

(with C J Pattie)

(with C J Pattie and D J Rossiter)

(with M F Poulsen)

(with C J Pattie)

(with C J Pattie and D J Rossiter)

(with S Burgess, R Harris and D Wilson)

(with C J Pattie)
(with C Rallings and M Thrasher)

(with C W J Withers)
Knowing our own history? Geography department archives in the UK. Area 40, 2008, 3-11.

(with C J Pattie)

(with R Harris)

(with M Elff and T Gschwend)

(with M Poulsen and J Forrest)

(with D Gregory, G Pratt, M Watts and S Whatmore)

(with G Borisyuk, M Thrasher and C Rallings)

(with S Burgess, T Key, C Propper and D Wilson)

(with C J Pattie)
Quantitative human geography: are we turning full circle? Geographical Analysis, 40, 2008, 332-335.

(with M Poulsen and J Forrest)

(with C J Pattie)

(with M Fairbrother, D Hayes, T Hoare and K Jones)

2009

(with M-H Jen and K Jones)

Where there are data … quantifying the unquantifiable. Political Studies Review, 7, 2009, 50-62.

(with M F Poulsen and J Forrest)

(with M-H Jen and K Jones)

(with K Jones and M-H Jen)
